Compact and Reliable Monochrome Laser Printer

This affordable monochrome laser printer is fast, compact and offers excellent print quality. Easy to use, with low running costs, the HL-1110 deals reliably with your daily print requirements.

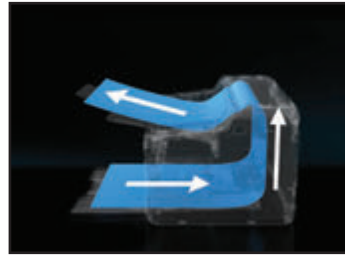

- Fast printing at up to 20 pages per minute (A4) and only 10 seconds until the first page is printed
- Compact, space saving design
- Affordable and easy to replace consumables

HL-1110

With low-priced hardware and genuine consumables, the Brother HL-1110 Monochrome Laser Printer offers approximately 1,000 prints* without compromising on quality. Unlike most printers, the Brother HL-1110 features a separate toner cartridge and drum unit. This means you only need to replace one component at a time, giving you significant cost savings. All these features are packed in a light and compact printer, made possible due to Brother's expertise in printing technology.

Unique rubber material prevents dust from sticking onto the rollers. Dual roller system improves paper feeding by picking one sheet at a time.

A short paper path enables smooth printing and prevents paper from getting stuck.

General	
Technology	Monochrome Laser
Processor	ARM9 200MHz
Memory	1MB
Local Interface	Full-Speed USB 2.0
LED Display	Orange x1 (Error), Green x1 (Ready)
