Delivering performance and productivity
with clever connectivity

Powerful, efficient performers

The Fuji Xerox DocuPrint P225 db / P225 d / P265 dw / M225 dw / M225 z / M265 z are the perfect solution for personal use or small workgroups requiring high quality, efficient monochrome printing together with flexible connectivity capabilities.

Performance and reliability

- **Speed and quality.** With a print resolution of up to 2400 x 600 dpi and a printing speed of up to 30 ppm, the DocuPrint P225 d / P265 dw / M225 dw / M225 z / M265 z deliver quality print results fast.
- **All-in-one functionality.** Multifunction models allow you to print, copy, scan and fax* in an efficient, low cost device giving you maximum productivity.
- **Clever features for reliable operation.** Fuji Xerox is renowned for reliable printing. The DocuPrint P225 db / P225 d / P265 dw / M225 dw / M225 z / M265 z are no exception – with simple engineering and clever new ideas designed for trouble-free printing.

*Only available on DocuPrint M225 z/M265 z

Affordable, efficient printing

- **Low cost hardware is only half of the story.** Thanks to the separate toner and drum cartridge, you will only ever have to replace one component at a time. This results in maximum use of each component, longer operating times and cost savings.
- **Save toner – save cost.** Toner save mode extends the life of the toner cartridge by varying the density of toner that is printed on a page.
- **Use less paper and toner.** The built in N-UP print feature gives users the ability to save on paper and toner by printing multiple pages on a single sheet of paper. This also reduces the overall cost of printing.

Easily connect and print via your iOS or Android devices

Wireless connectivity

Wi-Fi Direct**

The DocuPrint P265 dw / M225 dw / M225 z / M265 z are Wi-Fi Direct™ certified, allowing devices to connect and print easily without requiring a wireless access point.

Fuji Xerox Print Utility***

Fuji Xerox Printer Utility can be easily downloaded from the App Store for iOS and Play Store for Android devices. Whether it's an iOS or Android device, the Fuji Xerox Print Utility puts mobile printing at your fingertips. Print stored photo albums, web pages or shoot and print on the go from your iOS or Android device.

AirPrint and Google Cloud Print Ready***

AirPrint™ and Google Cloud Print™ enables you to print directly from your mobile device without the need to download mobile apps or to install print drivers.

Smart features increase productivity

2.7" Colour Touch Screen*

The 2.7" colour touch screen available on the DocuPrint M265 z provides a clear, simple user interface that makes walk up functions easy to access.

Single Pass Duplex Automatic Document Feeder*

• Save time - Increase producing.

The single pass Duplex Automatic Document Feeder (DADF) allows you to scan both sides of paper simultaneously. With this feature, you can perform duplex scanning and copying at much less time, delivering efficiency and productivity gains to any workspace.

*only available on DocuPrint M265z

Centerware Internet Service (CWIS)**

• Easy setup and monitoring

This CWIS function allows for easy configuration and access to the job status of the printer on the network.

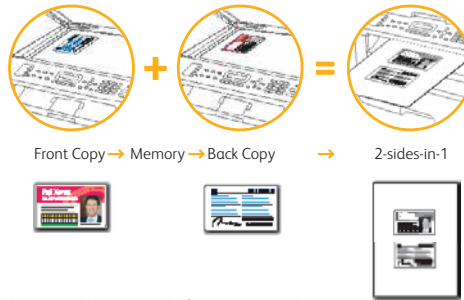

**not available on DocuPrint P225db

Duplex printing as standard

Enjoy increased productivity and cost savings with Duplex printing as standard across the entire printer lineup.

Clever ID Card Copying***

The easy-to-use ID card copy feature allows you to copy both sides of the card onto the same side of the paper. Simply place an ID card both face up & down on the copier surface, pressing the start button each time. There is no need to change the position of the cards when copying the other side, as the feature automatically adjusts this for you.
