An HP Officejet for the enterprise—up to twice the speed and half the cost per page of lasers.^{1,2}

A printing revolution for your enterprise. Produce colour documents at up to twice the speed and half the cost per page of colour lasers.^{1,2} Designed with advanced security and full manageability, this enterprise printer is built to last.

HP Officejet Enterprise Color X555dn

HP Officejet Enterprise Color X555xh

Faster than lasers—for less^{1,2}

- Quality colour, up to half the cost—spend up to 50% less per page compared with colour lasers.²
- Accelerate business printing and keep productivity high—print up to twice as fast as lasers.¹
- Rely on pigment inks for durable documents that are water-, fade-, and smear-resistant.⁵
- Designed for speed—enable full-page-width printing at high speeds with HP PageWide Technology.

Fully loaded for the enterprise

- Be confident that sensitive business data is protected with advanced security solutions.
- Centrally monitor and control your printers with HP Web Jetadmin.⁶
- Keep up with the times. Easily update this printer as solutions advance—with HP FutureSmart Firmware.
- Take advantage of simple software and hardware solutions that expand this printer's capabilities.

Performance you can rely on

- High volume, high value—get exceptional value from Original HP high-capacity black ink cartridges.⁷
- Save time and reduce paper costs, using automatic two-sided printing.
- Rely on longevity—this printer is designed for less maintenance, with minimal consumable parts.
- Meet the demands of large print jobs—this printer has a paper capacity of up to 1,050 sheets.⁸

Easy connectivity, convenient control

- Easily navigate printing tasks with just a few taps—all at the 4.3-inch (10.9 cm) colour touchscreen.
- Enable secure printing with just a touch from your NFC-enabled smartphone and tablets to the printer.⁴
- Pull print jobs from your pocket—walk up and print or scan from your USB drive.
- Enable secure peer-to-peer direct-access mobile printing without connecting to the corporate network.³

¹ Comparison based on manufacturers published specifications of fastest available colour mode (as of December 2013) and includes colour laser printers ≤\$1,200 USD based on market share as reported by IDC as of Q3 2013 and HP internal testing of printer in fastest available colour mode (sample 4-page category documents tested from ISO 24734). For more information, see hp.com/go/printerspeeds ² Cost-per-page (CPP) claim is based on the majority of colour laser printers ≤\$1,200 USD as of December 2013, based on market share as reported by IDC as of Q3 2013. ISO yield is based on continuous printing in default mode. CPP comparisons for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. ³ Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Colour LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. ⁴ HP recommends that the number of pages per month of imaged output be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ⁵ Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and may void the product warranty.
