

## Fujitsu ScanSnap S1300i A4 Document Scanners FJ3892

A portable  
and compact  
desktop  
solution!

A portable and compact desktop solution. The ScanSnap S1300i is a document scanner for the PC or Mac user capable of scanning up to 12 pages per minute/24 images per minute. The 10 page ADF can cope with a mixed variety of single or double sided documents ranging in size and thickness as well as colour or black and white. Simply press one scanner button to convert colour or mono multi page, double sided documents into digital PDF files you can file, organise, share, email, print or use with Microsoft Word and Excel. Ideal for home office, mobile sales force or business travel. The ScanSnap S1300i can be powered either directly from the laptop USB ports or via an AC adapter, making it ideal for business people on the move - in the car or on clients premises. The ScanSnap software automatically creates Adobe text searchable PDF files (directly to disk - not via TWAIN). ScanSnap inspects each document to decide if a document should be scanned in black and white or colour, what the size of the page being scanned is and eliminate blank pages, all of which serve to make the scanning experience, easier and minimise your storage requirements. In addition each document will have misaligned text corrected (Auto Deskew) and each page will have its orientation automatically adjusted. The S1300i's "Quick Menu" facilitates intuitive use by users. Users just choose what they want to do from the Quick Menu which appears after a document has been scanned. The S1300i's Quick Menu is perfect for everyone, even the complete novice.

Main Features: 12ppm (24ipm), 10p ADF, A4, True Duplex, USB2, scan to PDF file (not Twain), for Windows & Mac. 1 year warranty RTB.) ScanSnap Manager (Win&Mac), ABBYY FineReader OCR for ScanSnap (Win&Mac), Evernote (Win&Mac), ScanSnap Organiser (Win), Scan to Microsoft Sharepoint (Win), business card recognition software: CardMinder 4.1 (Win) & Cardiris 3.6 (Mac).
