A4 B/W LED Printer

RICOH SP 4520DN

Fast, high-quality printing that fits your style!

You're ready to work at a moment's notice. You work quickly. And, your efforts make the workday easier for your co-workers. Shouldn't you expect the same from your printer? Choose the RICOH SP 4520DN — the latest in our long line of innovative devices proven to simplify the way you work by moving information quickly and economically. Integrate it into your small workgroup or office and print high-quality black-and-white documents at high speeds without compromising security. Or, add the compact, feature-rich printer as part of a Managed Document Services (MDS) strategy and see just how much time and money it can save for your organisation.

- Low total cost of ownership
- Maximum savings: low power consumption
- Space-saving: highly compact
- High productivity: fast printing at 40 pages per minute
- Cost and time savings via standard double-sided printing

Discover the value of reliable, affordable black-and-white printing.

Simplify maintenance

You're seeking a reliable printer that can produce up to 10,000 prints per month. With high-yield consumables and a host of remote administration controls, you can rest assured that your printer will always work when you need it most. Just as importantly, cost-per-page has been minimised too, so you can produce high-quality black-and-white documents with minimal interruption to maximise your investment.

Ultra compact

An LED print head takes up much less space than the equivalent laser head. As such the SP 4520DN has a small footprint: you can install this device virtually anywhere as it takes up minimal office space.

Easy-to-use touch panel

Printing shouldn't be complicated. Customise your home screen and add shortcuts to frequently used tasks with the intuitive, tiltable 4.3" colour touch panel on the RICOH SP 4520DN. You can also use it to check system status at a glance or to navigate between key functions and projects. Add the optional Web browser to the printer to access Web pages directly from the operation panel. Then, print them directly from the device for faster turnarounds.

Print anywhere, anytime

Now you can easily print documents from your iOS or Android device directly on the SP 4520DN. Smart Device Print also enables you to print PDF documents, print texts saved on the clipboard, and print JPG or PDF files in other applications.

Ricoh's total office solutions

Whatever equipment you need for your digital office – a printer, copier, fax, multifunctional device or software – you can find the appropriate solution from Ricoh's extensive line-up. Our solutions are tailored to company-specific needs, issues and challenges. Whether you are looking for cost reduction, productivity improvement, enhancing information security or environmental impact reduction we can help you to find the answer. After implementation, we offer comprehensive aftersales support.
